

Nick Sterger Callie

I adopted Callie from MW BREW in March 2016. My girlfriend and I have applied to adopt with our hearts set on a different beagle. One of MW BREW's volunteers arrived for our home visit with her foster at the time, Callie. That was the moment Callie stole my heart. After receiving our approval to adopt, we came to the Toledo PetSmart Adoption Day a few minutes before noon to adopt Callie.

It's been 3 months and I'm still smitten. I cannot express the love I have for this pup! I even got a tattoo for her which I think shows my devotion to this rescue girl.

The day that I got the tattoo I posted this note on my Facebook page:

"Got this tat done for the dog that literally changed my life. I've been forever changed and became better for her. She's my best friend. She's always up at 6am to see me when I'm getting off work. She falls asleep in my arms and she's just all around my perfect first dog. I'm gonna love this girl forever. She has a major spot in my heart forever. Callie I love u girl".
