

Trey the future therapy beagle!

BECKY COULTER

Trey

We adopted Trey last June 2016. He is a submissive, sweet, gentle soul and he is so pretty. We really love him. Rex and he get along except if they are both near food at once.

I am enclosing a picture from my Central Minnesota Therapy Animal Association Group. Trey is training to be tested as a therapy dog. He is doing well visiting a nursing home.

I would really recommend Midwest BREW to anyone looking for a Beagle. What a beautifully organized and caring rescue.
