

## Ann Duquaine

On April 11th, 2009,  
The day was quite pleasant,  
The weather was fine.  
From Pittsburg to Wisconsin,  
Young Stewart did come,  
Because he had found,  
His forever home.  
His mom rubbed his belly  
When he rolled on his back.  
Brothers Ernie and Casey  
Completed the pack.  
Red and white Stewie  
Had fur oh so soft.  
Cuddling together,  
He and mom did a lot.  
Then it was off to training  
To learn to be good.  
Stewie learned just with praise,  
No need to use food.  
Trainer "Auntie Mary"  
Always greeted with hugs and kisses.  
When classes are over,  
It will be her that he misses.  
"Leave it" with treats  
Stewie really hated.  
But "Come" to his mama  
Was his very most favorite.  
"Sit", "Down", and "Stay"  
Stewie learned with ease.  
And soon he will test  
For his CGC.  
Giving kisses galore was  
Stewie's claim to fame.  
"The Kissy Monster" was  
His new nickname.  
So Stewie is happy in  
His brand new home.  
He loves his brothers,  
And especially his mom.  
The only one he misses  
is his great foster mom.
